Ali Mehdi

Frontend Developer at LITS SERVICES - Microsoft Dynamics 365 Partner

Summary

I have 1 year and 11 months of professional experience in Frontend Development, specializing in JavaScript technologies. I possess expertise in developing web pages using HTML5, CSS3, and Bootstrap. I have a strong understanding of version control systems, specifically Git and GitHub, as well as package management using NPM. My technical skills include extensive experience with CSS, focusing on properties like background, padding, tables, animations, layouts, positioning, borders, margins, and CSS behaviors. In my role, I have successfully worked with Angular and TypeScript, utilizing Kendo UI and Material UI to enhance user interface design and functionality.
